Overview

The following instructions detail the process that users will use in LearningLink to verify external learning. This process is used after an employee has submitted an SF-182, had the training approved by all necessary authorities, and completed the external training that was requested.

*Note: Supervisor Approval is routed to your direct supervisor. If your supervisor information is inaccurate, you can correct it in LearningLink by clicking on your hyperlinked name on the homepage.

The number of approval steps may vary based on your agency's approval policy, with up to six levels of approval possible. If all six levels are not utilized by your agency, your request will automatically be approved in the system, and you will be notified that your request has been approved by LearningLink's Auto Approver.

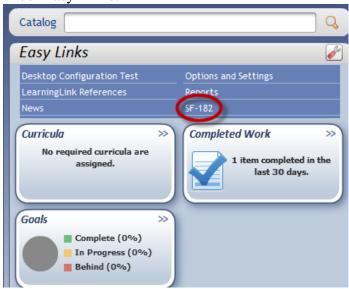

Instructions

Verifying Learning

Once you have completed the training, you will receive a notification instructing you to submit a verification form for your learning.

1. Select the 'SF-182' link on your LearningLink homepage. This can be found under Easy Links.

2. Find your completed course on the list and select 'Verify.'

3. You will be directed to the Request, Authorization, Agreement, and Certification of Training page. Fill in all required fields and certify that you have completed the learning. Click 'Submit.'

4. You will be directed to the Approval Submission page. Review your approvers and Click 'Submit.'

5. You have successfully submitted verification. Once your verification form is approved, the learning event will appear on your learning history.
